AUSTRALIAN INTERNATIONAL RECORDS

At its 1969 Annual Conference, the Amateur Athletic Union of Australia decided to create an official list of what are designated Australian International Records. An Australian International Record is one established under I.A.A.F. Rules in a country other than Australia by an athlete who was either born in Australia or who has resided in Australia for at least three years prior to the date of the performance claimed as a record, provided that such performance must be equal or superior to the corresponding Australian National Record.

AUSTRALIAN ALL TIME AND 1976-77RANKING LISTS

The following lists include, for the first time, junior (Under 19) and sub-junior (Under 17) rankings.

Unfortunately, separate listings for these groups were not furnished by Victoria and Western Australia and, in some other cases, the lists were obviously incomplete. The Committee included performances which became known to it through other sources but the resulting tables will inevitably be far from complete.
